## Submitted for publication

1. Ikefuji, M., J.R. Magnus, and H. Sakamoto. Adaptation for mitigation. [\[PDF\]](#)
2. Ikefuji, M., R.J.A. Laeven, J.R. Magnus, and Y. Yue. Earthquake risk embedded in property prices: Evidence from five Japanese cities [\[PDF\]](#), Tinbergen Institute Discussion Paper 2018-061/III. Online data appendix is available [\[data\]](#) and online supplementary material at [\[supplement\]](#).
3. Ikefuji, M., R.J.A. Laeven, J.R. Magnus, and C. Muris. DICE simplified. [\[PDF\]](#)
4. De Luca, G., J.R. Magnus, and F. Peracchi, Posterior moments and quantiles for the normal location model with Laplace prior. [\[PDF\]](#)

## In progress

1. De Luca, G., J.R. Magnus, and F. Peracchi, Frequentist inference in weighted-average least squares (WALS).
2. Magnus, J.R., Combining quantitative and qualitative information.
3. Magnus, J.R., Pre-screening.
4. Magnus, J.R., The cost of information.
5. Magnus, J.R., Does god have a sense of humor?
6. Magnus, J.R., Presentation versus content in exam scripts.
7. Magnus, J.R., Why shrinkage works.

## **Books**

I recently completed the fourth printing of my “Introduction to the Theory of Econometrics”. My new book “Statistics” with Karim Abadir and Risto Heijmans came out in October 2018. In addition, the third edition of my 1988 “Matrix Differential Calculus” (with Heinz Neudecker, now deceased) came out in March 2019. I am not sure yet what is next.
